Performance quoted represents past performance, which is no guarantee of future results. Investment return and principal value will fluctuate, so you may have a gain or loss when shares are sold. Current performance may be higher or lower than that quoted. Visit [spdrs.com](http://spdrs.com) for most recent month-end performance.

The market price used to calculate the Market Value return is the midpoint between the highest bid and the lowest offer on the exchange on which the shares of the Fund are listed for trading, as of the time that the Fund's NAV is calculated. If you trade your shares at another time, your return may differ.

## ADVANTAGES

Easily Accessible	Listed on the NYSE Arca.	Transparent	There exists a 24-hour global over-the-counter market for gold bullion, which provides readily available market data. The price, holdings and net asset value of Gold Shares, as well as market data for the overall gold bullion market, can be tracked daily at: <a href="http://www.spdrgoldshares.com">www.spdrgoldshares.com</a> .
Secure	The Gold Shares represent fractional, undivided interests in the Trust, the sole assets of which are physical gold bullion and, from time to time, cash.		
Cost Effective	For many investors, the transaction costs related to the Gold Shares are expected to be lower than the costs associated with the purchase, storage and insurance of physical gold.	Flexible	Gold Shares are listed on the New York Stock Exchange Arca (NYSE Arca: GLD) and trade the same way ordinary stocks do. It is possible to buy or sell Gold Shares continuously throughout the trading day on the exchange at prices established by the market. Additionally, it is possible to place market, limit and stop-loss orders of Gold Shares.
Liquid	Structure allows for baskets to be created and redeemed according to market demand, creating liquidity.		

†The Trust's only recurring expense is the remuneration paid to the Sponsor. The Sponsor's fee accrues daily at an annual rate equal to 0.40% of the daily NAV, in exchange for the Sponsor assuming the responsibility to pay all other ordinary fees and expenses of the Trust. These include fees and expenses of the Trustee (which include fees and expenses paid to the Custodian by the Trustee for the custody of the Trust's gold bars), the fees and expenses of the Sponsor, certain taxes, the fees and expenses of the Marketing Agent, printing and mailing costs, legal and audit fees, registration fees, NYSE Arca listing fees and other marketing costs and expenses.

The gross expense ratio is the Trust's annual operating expense ratio. See the Trust's most recent prospectus for a definition of Trust expenses. Neither diversification nor asset allocation ensure profit or guarantee against loss.

### Investing in commodities entail significant risk and is not appropriate for all investors.

Commodities and commodity-index linked securities may be affected by changes in overall market movements, changes in interest rates, and other factors such as weather, disease, embargoes, or political and regulatory developments, as well as trading activity of speculators and arbitrageurs in the underlying commodities.

While the shares of ETFs are tradable on secondary markets, they may not readily trade in all market conditions and may trade at significant discounts in periods of market stress.

ETFs trade like stocks, are subject to investment risk, fluctuate in market value and may trade at prices above or below the ETFs net asset value. Brokerage commissions and ETF expenses will reduce returns.

### Important Information Relating to SPDR Gold Trust:

**The SPDR Gold Trust ("GLD") has filed a registration statement (including a prospectus) with the Securities and Exchange Commission ("SEC") for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement and other documents GLD has filed with the SEC for more complete information about GLD and this offering. You may get these documents for free by visiting EDGAR on the SEC website at [www.sec.gov](http://www.sec.gov) or by visiting [www.spdrgoldshares.com](http://www.spdrgoldshares.com). Alternatively, the Trust or any authorized participant will arrange to send you the prospectus if you request it by calling 1-866-320-4053.**

GLD shares trade like stocks, are subject to investment risk and will fluctuate in market value. The value of GLD shares relates directly to the value of the gold held by GLD (less its expenses), and fluctuations in the price of gold could materially and adversely affect an investment in the shares. The price received upon the sale of the shares, which trade at market price, may be more or less than the value of the gold represented by them. GLD does not generate any income, and as GLD regularly sells gold to pay for its ongoing expenses, the amount of gold represented by each Share will decline over time. Investing involves risk, and you could lose money on an investment in GLD. **Please see the GLD prospectus for a detailed discussion of the risks of investing in GLD shares.**
